## New Bible Class

Taught by Art Dean & Marc Powell  
Room 209

This class will be presented  
in two segments.

**Segment One** will emphasize the history of the Israelite nation by relating historical events to their corresponding geographic locations using both the Old and New Testament. The goal is to provide each of us with a clearer understanding of where Biblical events occurred in relation to today's modern day cities and countries.

**Segment Two** will focus on a random investigation into God's life instructions or “I never thought about that before”. This is a study in a discussion format of well-known scripture with a goal of a fresh perspective of understanding.

Members will be given an opportunity to openly discuss the week's topic for meaning, intent, and application.

The new Shelby software allows us to email statements to our contributors. If you are currently receiving the church bulletin by email, then your contribution statement will be sent to the same email. Our plan is to send those out sometime the week of 1/15-1/19. So please watch for the email containing that information. If you do not have an email in the Shelby system then you will be receiving your statement by mail the same way you have in the past. If for some reason you prefer a paper copy mailed, rather than having it emailed, please contact the church office [817-594-3030](tel:817-594-3030) by [Jan. 15th](#) and we will be glad to mail yours to you.
